

A FEW ANNOUNCEMENTS

Due to unforeseen and unavoidable circumstances, two of our workshop speakers ---Dan Moore and Fred Ali -- will be unable to attend.

Sushma Raman, President of Southern California Grantmakers, will replace Fred Ali in workshops #6 and #12 - Trying to Turn the Corner: The Economy, Poverty and Philanthropy.

Rosalynnda Giannone, Legacy4Life Fund at the International Community Foundation will also be joining workshop #8- San Diego's Geographic Imperative: Cross Border Philanthropy

As part of our focus on *The Grantmaking Report: Foundation and Corporate Giving in the San Diego Region*

On the far side of the hall you will see a very large floor map of the San Diego region with little yellow cards. Check it out!

The yellow cards represent total grant dollars by zip code/neighborhood, based on sample representative grants made by San Diego based private and public foundations in 2005 to San Diego nonprofits.

- Data is also mapped on page 12 in *The Grantmaking Report: Foundation and Corporate Giving in the San Diego Region***
- Location of grant is determined by the site of the nonprofit's headquarters, which is not necessarily the same as their service area.**
